About the Tutor

[Mary Ann Mackenzie](#)

About

You will take away a sketchbook filled with understanding the science and alchemy of colour to use as a reference guide in your painting. The relationship between colours and their juxtaposition sees a trick of the eye that delights the artist and the observer alike. Colour is a language in which you never fully know the rules, but where you are constantly challenged

in wanting to find a resolution that communicates form, space and edge. Come and start the conversation!

How a day works

We start at 10am with coffee on from 9:30am, so do come early and meet everyone, we finish around 4pm. There is ample free parking and non-stop refreshments provided. All you need to bring is your lunch.

£160.00
